Dear friends,

Karthik Ultrasound Scan Centre (KUSC) under the aegis of MediScan, Chennai and Medical Ultrasound Society of Karnataka (MUSK) takes immense pleasure in welcoming you to the 9th edition of the Continuing Ultrasound Education (CUE) series – Knowledge update by CUE

GNANADHARA 2019

Ultrasound has now become indispensable in the practice of Obstetrics – an extended hand of the Obstetricians! The theme of this year's seminar is

“ULTRASONOGRAPHIC OBSTETRICS”

The highlights will include:

1. Role of ultrasound in diagnosis, surveillance and management of various conditions in all three trimesters of pregnancy
2. Panel on the current concepts of Fetal growth & Doppler
3. Subtle cardiac findings and how to arrive at diagnosis
4. Brain teasers in Obstetrics ultrasound – discussion with various case scenarios

To take us through the **CUE** we have pioneers in Fetal Ultrasound, experienced Clinicians and young dynamic Fetal medicine consultants.

We welcome you to make the best use of this opportunity to improve and enrich your knowledge!
