Fort, K.R. Road, Bangalore 560 002**

Dear friends,

Karthik Ultrasound Scan Centre (KUSC) under the aegis of MediScan, Chennai and Medical Ultrasound Society of Karnataka (MUSK) takes immense pleasure in welcoming you to the 10th edition of the Continuing Ultrasound Education (CUE) series - Knowledge update by CUE.

GNANADHARA 2022

Ultrasound has now become indispensable in the practice of Obstetrics - an extended hand of the Obstetricians! The theme of this year's seminar is

Beyond Imaging – Providing Solutions

The highlights will include:

1. Imaging various abnormalities , arriving at a diagnosis & taking it forward to management postnatally -dialogue sessions between Fetal medicine specialist and paediatric surgeon
2. Alogrithm based approach in diagnosis
3. Tackling surprises during fetal interventions
4. Once an ultrasound abnormality is diagnosed, how do we proceed - Panel Discussion between consultants in Fetal Medicine, Obstetricians, Neonatologists, moderated by none other than Dr. S. Suresh, a pioneer in fetal medicine
5. Relevance of genetics in various ultrasound abnormalities
6. We will be also introducing for the first time a session on Mental health - "Managing burnout among Healthcare professionals"

After a hiatus of 2 years due to Covid, we are back with our team of fetal medicine pioneers, expert clinicians and dynamic team of young mental health professionals who are taking over the mantle for future to provide this Knowledge Update.

We welcome you to make the best use of this opportunity to improve and enrich your knowledge!
